# Free up your time with AI assist

## Auto creation and assessment support

Our AI assistants can help you develop quiz content and evaluate writing assignments, which tends to consume a lot of time and effort. Now, use the AI assist to manage your time effectively.

## How does AI help you?

### 1. Content Generation

AI automatically generates a quiz/exam from a video, PDF, text and URL uploaded on learningBOX.

\*Content cannot be generated from video subtitles.  
\*Depending on the material and input, errors may occur and content may not be generated, or the generated results may not be accurate.

### 2. Report Assignment Analysis

AI analyzes reports based on mock answers and automatically generates feedback comments.

This reduces the time spent on evaluating writing assignment, which used to be a time-consuming task.

### 3. Course automatic generation

Even if you have never designed an eLearning course before, we can automatically generate a course based on your learning design from your videos and PDFs.
